

Trays

Trays please!

The Frontmatec trays are developed especially for the meat processing industries. The trays are stackable and reversible, meaning that the trays will take up very little space when stored.

Hygiene

Made of polypropylene, a smooth material, in a cleaning-friendly design and approved for use in the meat industry.

Options

- Available in three colours: White, blue and red
- Available for different types of destined and logistic systems:
 - Metal discs placed on the side of the trays
 - Radio RFID cast into the bottom of the trays
 - Combination of the above

Safety and legal requirements

The Frontmatec trays meets the strictest demands on health and safety (HACCP regulations) and is CE approved. The crates are compliant to all relevant EC Food Contact Regulations. Contact Frontmatec for a declaration of compliance.
